1. On 11 May 1953, a conference on the last German power program was held at the SCC in Karlshorst under the direction of Tarasov and Kometski. The main topic discussed was the material situation of the power program. Shortly before the conclusion of the meeting Tarasov called to the session a man whom he introduced as Moroshin (fnu), personal Referent to General Chuikov in economic matters. Moroshin was about 40 years old and spoke perfect German; he was extremely well informed on East German economic affairs.
2. On 13 May 1953, an attempt was made to contact Moroshin for further discussion of points brought up in the meeting of 11 May. He could not be reached, however, because, so the Russians explained, he was no longer the appropriate person to discuss such matters, since he had been made chief of USIC, replacing Bebenin, on 12 May. Bebenin is to return to the USSR.
